“ I have such fun memories of hanging out with Pam. We were kindred souls in a way. I will miss her very much and will regret not having the opportunity to reconnect when we move back to Texas next year.

“ Pam is a beautiful generous soul. We met in high school. But it was when I was in college that we developed a special friendship. It started when I needed some help passing college algebra. Pam was also a mathematical genius when it came to teaching. Her students meant everything to her. Well, when I transferred to UTSA she opened her apartment to me so I would have a place to go have lunch and even catch a nap if needed. So generous, she even gave me a key! I will always treasure the good times we had. Love you Pam! I'm sure you were greeted at the gates of heaven with open arms. ❤️ Until we meet again 🙏 Rest in Peace.

“ Ok a funny memory first: I remember when I lived at nanas I had snuck a guy over when mom and nana were out. Pam randomly came over and caught me red handed, but I think she kept my secret! (Sorry if your reading this mom... lol)

Serious memory: Pam made sure I got my kitchen aid mixer for my wedding because it's the ultimate wedding gift. You are officially married if you have one, and it sits on my counter to this day. She was such a generous person, and I will cherish it forever.
