

## Pamela Josie Villalobos

November 16, 1982 - November 7, 2022

Dr. Pamela Villalobos was born on November 16, 1982 and called home to the Lord on November 7, 2022 after a long battle with cancer. Pamela is survived by her husband, Michael Casanova Jr., her two beautiful children, Camden and Christian Casanova, parents Roberto and Jennifer Villalobos, and sister, Isabel Villalobos.

Born and raised in El Paso, Texas, Pamela graduated from Montwood High School before moving to San Antonio, Texas to begin her adulthood.

In 2005, she completed her undergraduate studies in Biology at St. Mary's University which served as the foundation of her medical career. She went on to attend medical school at UT Health Science Center at San Antonio and graduated in 2009 with a Doctor of Medicine degree. Armed with medical expertise and a love for world cultures, she visited Mexico and Ethiopia as part of medical missions to serve the underprivileged and those in need. She then finished her

residency training in Physical Medicine & Rehabilitation in 2013 and served as chief resident.

Pamela practiced medicine in Austin and San Antonio for 8 years, serving as medical director

for several inpatient physical rehabilitation units. Most recently, she facilitated the opening of a

new inpatient physical therapy and rehabilitation unit at Methodist Hospital in San Antonio

amidst the COVID-19 pandemic.

During her time in college Pamela became involved in the Delta Zeta Sorority where she found

lifelong friends whom she called sisters. She had a multitude of friends and found more special

friendships amongst her medical school classmates and study groups. She was especially

grateful for her best friend Dr. Lucia Diaz (Angel Franco) who brought her so much joy during

her cancer journey.

While she thoroughly enjoyed her life's work and patient care, her family was her greatest

achievement. No matter how busy or stressful life was, she always had a smile on her face and

brought laughter to those around her. She always made time to play with her kids, read a good

book, and explore the outdoors with her husband and kids. She led a fulfilling life centered in

Catholic faith and her loving service to others is the legacy she leaves to family and friends.

Pamela will be greatly missed by all who were fortunate enough to know her.

In lieu of flowers, family and friends are welcome to make donations to Memorial Sloan

Kettering Cancer Center in her name using the following link:

DM

“ Pam was one of the brightest and most hard working residents who every worked with me. I knew she was a wonderful doctor but as many of our conversations were about medical things I didn't know how close she was to the Lord and her work on mission trips. She will be sorely missed and she is one of my youngest colleagues who has passed. But I have great confidence and hope that she is with our blessed Lord and Lady in Heaven.

“ I was fortunate enough to provide her with billing services in 2021 and she truly was a kind and gentle soul and it is clear that she touched the lives of so many people through her work. She would always ask how my own children were doing while hers were talking in the background, or when she would email in between seeing her patients and it somehow made it feel less like I was working and more like I was speaking with a friend. This is truly a sad loss and I pray for strength and guidance for her family during this difficult time.

“ Pam- I have so many great memories of our adventures. Here's one of my favorite photos from one of our mission trips. I can still hear your contagious laughter. You had an amazing impact on everyone. Love you and miss you dearly.

“ Even though she's no longer with us in this world, she rests in peace in the Lord's Kingdom. An exemplary person, Pam was also one of the strongest persons I've ever met. Many shared memories will keep her in my thoughts for the rest of my life. Will miss her dearly. I know she'll be watching over us. Thank you for all your gifts. Peace be with you.
