“ *Patti was a long-time member and friend from our Investment Club. She always sat next to me, and I've been missing her, for some time. She was so smart, sweet, kind and funny, and she always had something relevant to say at our meetings. She is sorely missed by us all.*

“ *Patti has been a wonderful friend for many years. We worked at the same place until we were both retired and managed to stay in touch through our investment club meetings and at our 4 or 5 lunches throughout the year. The 4 of us who met for these lunches were all retired and enjoyed talks about our families, our vacations etc. Patti often regaled us with humorous stories. We love her and will miss her wonderful view of the world.*
