“We'll Pat, yesterday was the day! Your physical body is gone but we know you're always with us still. Nancy was able to squeeze me in for a last haircut, I could already hear you telling me I need a haircut lol so thanks to her! I even bought this bada** cowboys hat to wear for you, I wish you were here to see it. I was nervous to pray but I never had a problem praying for you, I miss you, we all do and it's never the same. I know blackie and Tia miss you more than words can explain, well here is what I wrote for you, seeing you yesterday in the clothes you wore with what looked like a smile was comforting to us all. Keep watching us Tia Pat! Thank you for showing us to stay strong and to never give up. I love you ❤️

“Heavenly Father, we come to you with our hearts heavy. Trying to find the words to explain how excruciating this loss is to our family. Thank you God for allowing us to come together, and comfort one another in these hard times, of course not under the best circumstances but if it's one thing Pat loved it was her family gatherings, we are thankful God that you placed us in each others lives. although we are all different, imperfect, one thing you've shown us is how to LOVE unconditionally, God.

You showed us to always keep faith and to trust your plan no matter how many times we've felt like giving up, you showed us to keep fighting and to be strong and Pat was the perfect example of that, always kept her faith and was very resilient. Kind, caring and a huge heart. Father we ask you to fill our hearts with happy memories and Joy, show us your peace God that surpasses all understanding, that even when we don't understand why these things happen, we can still find peace and comfort in knowing Pat is watching over us all now from Heaven, free of pain, a place where there is no more suffering, no more pain, no more tears and no more death. Continue to surround us with your love and comfort, in Jesus name we pray. Amen.”

Love you Pat! Forever in our hearts.

“ *Babe, to say that I'm going to miss you is an understatement. We have been by each other's side for over 29 years through many highs and many lows, which only made us stronger.*

It was always you and will always be you. I will continue to love you until I take my last breath and we meet again. The pain of loosing you is unbearable and takes my breath away but I will continue to think of all the great times we shared and memories we made together and alongside our family. I could not have asked for a better life partner, better half, friend, confidant and best of all wife.

Rest with the angels babe until I see you again, save a seat for me by your side my love.

*Love you always,
Me*
