“ *To anyone that knew my grandmother she was a fun loving, wisecracking woman, that was a force to be reckon with. In every conversation I had with her, she would either tell me a detailed story (because she had the best memory), sing me a song, or get mad at me, which would always make me laugh because she was just that special. It's bizzare that she's not a phone call or short visit away. Nevertheless, knowing she's at peace, and with her husband is gratifying. I love you grandma, I'll miss you terribly.*
