Phylis J. Green - May 1, 1927 – March 8, 2016

Phylis Jean Green, age 88, entered the gates of heaven peacefully on March 8, 2016 in San Antonio, Texas while surrounded by her husband, 2 daughters, and son-in-law. She was born on May 1, 1927 to Lewis and Ruth Nicholson in Halls Summit, Kansas.

Phylis was the wife of an Air Force man for 62 years and spent most of her life being a loving wife and professional Mom. She was very involved in her children's life and spent quite a bit of time involved in the PTA and was at the school often as a home room Mother and going on many field trips. She was instrumental in the growth of many young people as a Sunday school teacher at Mayfield Park Baptist Church for a number of years. In her retired years, she loved to travel with her husband and Aunt Edna. They shared many adventures and saw allot of the US from a Motorhome. She was very proud of her children as they became adults and of her Granddaughter as she married and gave her 2 Great Grand Children to be proud of as well. She made sure everyone that came in to her room at the nursing home saw their pictures. The family would also like to extend a special thank you to those at Patriot Heights who always extended care, thoughts, and prayers for her. Heaven truly has gained an angel deserving of her wings.
