“*I extend my condolences to the Raul Valdez family during this time of sorrow. Raul was my first-year field practicum instructor, while I was a graduate school social work student at the Good Samaritan Center.*

Raul was a natural in teaching students and community advocates to advocate for human rights and needs of the least fortunate. He motivated many of his peers and students to become active in their communities and some also become active in politics at the local, state and national level.

Raul loved to dance and the last time I saw him was a dance.

May your dad rest in Peace. Your family was truly blessed to have him for so many years, especially with the quality time that you were able to spend with him, I'm sure you will cherish all those years that you were able to share with him as adults. You will be together again sometime in the future.
