“ I love these two pictures particularly because it shows my favorite Uncles two facial expressions. I'm smiling from the ear to ear because he probably said something to make me laugh but like my uncle, we usually had the resting (redacted) face that didn't match us at all. Our family is witty and share a sense of humor that's not for the faint of heart. How each of us chooses to express it is where we differ. My Uncle literally read my mind ALOUD for me all the time. Yes , we'd be the only two laughing. Yes we'd get an evil eye here or there but he'd take all the heat for me. No one made me laugh like him and I know one day I'll hear that laugh again. I love you Uncle Raymond. I know you got your happy face on now that you're not hurting. I won't lie and say this isn't harder than expected and I know you're probably laughing at me for crying but I miss you so much already.
