“ *George, son of Ricardo Mata Sr.
My memory of my father, he was a wonderful and supportive Dad that taught me things in life. I want to give thanks to the Lord God because God raise my dad up to be with my mother, Rosa Mata. God promise to all of us that Jesus has prepare a place in heaven so we could live forever with the Lord. My dad was a widow for five years. He was a strong mind person. He kept is faith to the end. He was a smart man that has great creative ideas in the field of mechanical design. I could tell a story that he created a electric machine to lift pounds of roof shingles on top of the roof. I was very amaze of his design. It really did work. My dad was a book reading person. He like to learn about woodworking and mechanics in the computer by surfacing the YouTube in the internet. He has a great craftsman working with his hands and mind, I will miss him so much, but I know he will be in my heart forever. I love you, Dad. Rejoice in Heaven with all the Angles and Love ones.*
