“ *My sincere condolences to Rebecca and her family. I too, have experienced the loss of a soul mate, and the sorrow and sadness that comes from having to live life without that special person that has been always by your side.*

Your service to the community is especially important that keeps you going and provides the strength to you to carry on.

I know your pain at this moment, and the tears that flow uncontrollable at times when we are alone. The tears are helpful to wash away that moment of pain.

Please know that you are not alone, and that he is still with you in sprit to give you strength and courage to carry on.

My prayers and thoughts are with you and your family at this times, including my tears.
