Robert Rayburn Corder III passed away on Tuesday, October 10, 2023. Robert was accomplished as an FAA certified Airframe and Powerplant (A&P) Specialist, able to work on any aircraft, plane or helicopter, both commercial and military. He served in the Navy after college on a US Navy destroyer as a radar technician, and later various defense contractors, repairing helicopters during the Vietnam War and planes in sub-Saharan Africa spraying for the deadly tsetse fly. Robert also worked for Bell Helicopter in Iran, up until the Islamic Revolution in 1979, where he personally met the Shah while working on his personal helicopter and met his second wife, Reyhaneh.
