“ *Very shocked to hear of my Brother's passing. Bubba's personality made him a Brother to Joe and I. Bubba was highly respected by us. It's Very true about his big kind ❤️. He was a great Father to the boys and we don't believe they ever went without anything. His big smile and warm personality is what made us want to be around him. Condolences to the boys (Men) who do show how well They were raised by Bubba. You will be sorely missed. Joe and Irma Ritchie*

“ *My brother had a big heart. He would do anything for people. He loved me enough to talk me into calling my parents after I ran away and got married. He was like that. Rough around the edges, but a big teddy bear.*

*Robert was a terrific representative for the staff at Our Lady of the Lake University. I had the privilege of serving with him as an officer of the Staff Organization, while he was president of that group.*

*Robert was always focused on the needs of the staff and making sure that we didn't forget about colleagues who might be having a difficult time in their lives away from work. During his time at the helm of that organization, he was a powerful motivator. More than once, I saw him give a stirring speech, encouraging colleagues to volunteer and support the organization. And it was effective, because dozens of us volunteered at fundraising events.*

*It's not easy convincing people to give up a few hours out of their weekend to work a fundraising booth. It's not fun to get dozens of people to sell hundreds of tickets to a fundraiser. But we did it because Robert convinced us it was important. Robert's enthusiasm for the university and especially for the staff he represented, played a major role in making those events successful.*

*I feel certain that Staff Org meetings won't be the same without him.*

*Bubba was my cousin who I was so proud of. I got to see him in December and I am so glad, he was so fun to talk to .*

*We had many memories living on Stonewall across the street from each other all our life. We did exactly what everyone is sharing, singing Elvis songs, playing baseball, football with all the other neighborhood kids.*

*. I will truly miss him and I am thankful he left a legacy and a group of wonderful sons, friends and family with such great memories.*

*I grew up knowing him as Bubba. I remember coming to my sister's house and he would let me follow him around since I was a little younger. He would come stay with us and follow his grandpa around learning a lot. I was not able to be around him later in life because I didn't live close. He was a great person and am glad he had a great family. The boys can carry on his legacy. I pray the boys will see fit to come to the family reunion to learn more of the Minor side. So sorry I will not be able to make it now. I just got out of the hospital & Dr. wants me to stay close to home.*
