“ Words can't describe how much we appreciated Robert. What a wonderful young man. He was always there for anyone who needed help. He would go out of his way for acquaintances. There are many stories of Robert fixing people's cars that could not afford a mechanic. He was there for my family more than a few times. I was struggling with a medical issue and Robert flew a flag to show support, he also brought me a blanket and bracelet. That meant so much. He had the biggest heart. We were so impressed with all of his accomplishments at such a young age. We will continue to honor Robert by being there for his beautiful family.
