*Robert worked many of the same Pre-K 4 SA and SA Food Bank distributions since the pandemic started that I was also working. At one of those distributions, early on, Robert walked up to me and said, “Hi. I’m Robert. I work at the South Center and clean your sisters room.” We talked awhile about my sister and the work we were doing to help others. After that, I looked for Robert at each distribution or he found me and we chatted. His smile and positivity made me feel like we had known each other for a long time. My heart breaks for his family and for all who knew him and loved him. He is missed!*

*This was the first time I ever attended a funeral like this. By far this was so beautiful and it all came together so nice. Robert my cousin (brother) and I grew up together on coney street. We had so much fun and I have so many great memories. Growing up it was Robert, Renee (Roberts brother) Diana (my sister) and my self the 4 of us for many years. Then the family grew we got Greg and Monica in the family.*

*Boy did we have so much fun. Me and my sister practically lived at my Tia's house. We all would walk to Forbes together and that was a experience in its self just to get to school. Robert was always a loving , caring person. Since he was the oldest he got to boss us around. Lol. But then we also got to blame him since he was the oldest. My Tia and Tio always took us places and we traveled and saw so much together. I miss him every day. This still does not feel real. Sending prayers to his family. Robert may you RIP. I know you must be so happy to see your mom in heaven and grandpa Charlie and the rest of the Bosquez family. Give gram a kiss for me. Love you Rob ❤️❤️❤️*

“ Mr Robert was a very kind man. He was a hard worker and loved his job. At work always said good morning and always asked how I was doing? He always greeted children in passing in the hallways. He was always in great spirits and will be missed. Rip Mr Robert

“ *Mr. Robert was a gentle ray of sunshine. I had the honor of meeting Robert at the South Center. He would smile even when I would track in mud from the garden. I will forever remember him for his gentle spirit. I offer my condolences and prayers to the family during this difficult time.*

“ *During the times this school year I got to work with Robert during meal distributions he had a passion and life to him that you don't see in a lot of people. He was always smiling, in laughter, had his music ready to go, and he was always very supportive. His spirit was one of a kind and he will be missed.*

*My deepest condolences to his family during this time.*

“ *I first met Robert at his daughter Jessica's wedding. He was the first person to meet me when I arrived. The first thing I noticed was that the whole atmosphere in the hall was that of LOVE ! You could literally feel the LOVE. The love came from the family. Robert was so kind and loving with the warmest gentlest spirit about him. A man that loved his family with every fiber in him. He was so proud to walk his baby girl down the aisle.*

*My sincerest condolences to the family at this difficult time. I will be praying for you.*

*One day you will see him again, I love you all so very much.*

*Until then Vaya con Dios <3*

“ *My name is Jacklyn Whiteside Lindsey. Robert and I went all the way though school together. Elementary—High School. We were both always so excited about that fact whenever we would run into each other. When I learned of his passing, I also learned another fact about us. I don't think either of us ever knew b/c I would remember such a fact but we shared the same birthday also. May 22,1964. My condolences to the family.*
