“ I still can't believe you're gone. I have been reaching for my phone just to hear your cheerful voice saying, "Hi girl, how you doing today...I love you" I miss that so much. I'll always cherish our lunches, our pampering days, and the way you made me laugh while interpreting novelas. You brought light, laughter, and love into my life—and it's hard to imagine my days without you. I'll carry your memory with me forever.
