Tribute Wall

“ My aunt Ruby was one of the most kind hearted, giving people I have ever known. Unless you messed with her family, then it was ON! I didn't speak with her much in the last couple years - dementia is such a cruel disease. My mother, Wanda was her older sister and she too had the disease. All the memories, I will have forever, no one can take those from me. Thank you Rhonda, Karen, and your family for sharing her with me and my children. Rhonda, it's been 10 years for Daddy and 3 years for Mother this past April 28th. It won't ever stop hurting, you will pick up the phone because you think of something you need to tell her. But eventually the pain eases. I love you girl and I wish I could be with you all right now. Your mother was a very unique and special woman. Love you all.
