# Tribute Wall

“ Oh Rudy, I have been trying to find the words to explain just how deeply missed you will be. You have loved our family like your own since the day we've met you and Sandra. I still find myself waiting for you to pull up at home, so I can come over and chat it up with you and just laugh over the fact you and I have no filter together! You and Sandra have become our family, we like to think of you as our parents across the street. I just can never put in words how grateful and thankful I was to be apart of your life, and Sandra's. I know you're looking down (and playing a hell of a poker game up there) don't you worry about Sandra to much, between the kids and family and us across the street we will forever take care of her. I hope one day you're greeting me at the pearly gates ready to teach me the poker game you always joked I had to learn.

*My heart will always have a hole from you leaving to soon, but I hope you know truly how much you and Sandra mean to us Saxe Kids.*

*You will always be missed and loved 💕*

*-the best neighbors ever 😂 just kidding, from the Saxe family. ❤️*

“ My deepest condolences to Rudy’s and Sandra’s family. Rudy was full of life, it seem nothing fazed him. I met rudy in 2003 and worked a ton of shows in town and out of town. The ironic thing is we worked with three different Audio Visual companies throughout our AV careers . Rudy was the Jack of all trades, he did it all and never shied away from any project. Always had the intelligence to tackle the most complicated scenic projects for our company. He was our Top Carpenter and build so many background theme sets. He also would drive our trailers from coast to coast full AV equipment and scenic with a great attitude, like I mentioned earlier nothing fazed him. He also became a AV Technician for us on the road shows and help install and run the equipment. Rudy was a class act and would always put himself first before others. Rudy was an awesome Golf player too and always giving up his personal time to teach not only co workers, but our own VIP Clients like top executives from John Deere to help them how to play or fix their shot. Thank you brother for all that you did for me personally in making me a better person. Rudy my real friend and brother may you rest in peace, I will always remember you. Marco V
