Sandra, I got to know you and your mom in your last few months. I was deeply saddened to hear of you passing almost a month ago. I am glad that I had the honour of taking care of you and your mom at the clinic. Rest peacefully, my friend.

“ Sandra,
I just recently heard of your passing. Minutes before I was informed, I was thinking about you and wanted to catch up. I was looking for your phone extension on the global at work when I couldn't find you. The second I found out, I had to catch my breath in disbelief. I can't believe that you're gone and a part of me doesn't want to believe it. I remember my first-day meeting & working with you, you were so nice to me and we became friends. In the short time that I was there, we shared some great laughs and talks, even afterward going out for lunch or catching up here & there. How I wish these words can reach you somehow, rest easy my friend as your flying with the angels. Missing and thinking of you Sandra. My heartfelt condolences, thoughts, and prayers go out to her family and friends.

*Your Friend,
Gabby Tello*

“ *My sincerest condolences to the family and to all that loved her. Sandra was a good friend, strong woman, and a warrior. She fought hard as a single mom; her priority was her children, her family and herself, in THAT order.*

My heart goes out to her children.

She was taken too soon :(

RIP my friend.

Saddened hear,

“ I heard of Sandra's passing today from Development Services staff. I only knew Sandra when I would come down to development services with projects but she certainly stood out and was a very strong woman and learned quickly and had that assuring smile we business owners would rarely get as she was tough to follow the rules and keep us in line. Beautiful lady, my heartfelt condolences to her children and family, (which I loved seeing the pics of her kiddos over the years at her desk) she was a very very proud momma that was evident. All my prayers and thoughts
