“ Sasha and I played soccer at MVC and she was amazing. We would freak out other teams with our toughness. We were second in the nation and her ball control and shot were great. We had so much fun that year.

“ It's hard to imagine that someone so full of life is no longer with us. You were a force to be reckoned with both on and off the field. I loved your energy and spirit. My favorite memories of you include our time at Sneakers and when we went to get our first tattoo. Gone but never forgotten...RIP! ❤️⚽

“ It's so hard for me to comprehend and process the fact you are gone away from my life.
We traveled as one for so long my best friend. We shared everything...my heart is heavy, and you will be missed more than you know.
Or maybe you do know. Because you are one of Gods precious Angel's now and I will see you again in heaven.
Rest in Peaceful Serenity my friend, you are loved!

“ I have so many memories that I will never ever forget. The good ole’ days our lunches at Blanco Cafe, days out on the lake with Alvin, you always pushing me at the gym, the track at Ft. Sam, Lalapalooza, Costa Del Sol, our matching outfits that you said made us look like Easter eggs, and those cinnamon broom sticks from Garden Ridge at Christmas time. You were a sweet friend. You were one of a kind that’s for sure, and I loved your laugh.

Sasha gave me a quote printed on a wall hanging that said - ‘If you walk in front of me I might not follow, if you walk behind me I might not lead, so instead, walk beside me and forever be my friend’.

You were taken too soon, but I will see you again one day. Rest In Peace sweetie. ❤️😭🙏🥺

“ Sasha and I grew up together as BFFS from probably about age 5. From our moms taking us to all the haunted houses in town, to them surprising us with our first cabbage patch dolls and us going to watch wrestling -a ton of great memories. Sasha with her ball skills and speed on the soccer field were fun to watch. Once a Rowdiette -always a Rowdiette. God bless you and your family Blondie ! 💜🏈

“ Three are endless moments i could share but one really stands out...and that would be the day she showed me the picture of her niece. She was so happy and in love with the thought of watching her grow up. She had her picture in her locker at work... Her smile radiated as she talked about it. Rip baby girl...keep watch over us all. “ *I've known Sasha since Elementary school, I remember her playing soccer on the play ground of Northern Hills between 2nd and 5th grade. I'll never forget this blond little girl running circles around the boys, she truly was talented. Fast forward to high school at Madison and she was still dominating, even won a state championship. The last time I saw Sasha was about a year ago, I was on duty (police officer) and I was dispatched to a call for a motorist who had broken down and needed police assistance. I looked at the callers name and it said Sasha Byler, I knew the the name wasn't common so I immediately headed to my call. When I got there even though it had been 25 plus years since we had seen one another we immediately recognized each other and she was happy to see a familiar face. We left her car parked there and I gave her a ride home. We were able to catch up on what each of us had done in the last 28 years. I told her the story of when I first met her. I dropped her off at her home and we went our separate ways. Sasha I will always remember you as that badass chick that ran circles around the boys at recess. Peace be with you my friend.*

“ *Sasha, you are responsible for some of the best days of my youth - and if you were here today, I would thank you for the love, support and friendship over the years. I wish I had been closer to you in San Antonio, but know that I will forever be close to you in spirit because you'll live in my heart and memories forever. May you rest in peace and knowing that you were loved and adored by so many in your life. I'll never forget you. God bless you and your family will be in my prayers forever.*
