“ *My sincere condolences to Bobette and your entire family.. No words could express the love and respect I have of Shirley. This world would be a perfect place if everyone were like her...if they had her heart, her sense of humor and love for all good things. My memories will last forever and will make me smile when I just think of her. There is absolutely nothing bad I can say about her...she had no 'bad' in her....she was always kind, generous, thoughtful and full of love. We had so many wonderful years together and I would do anything now to have had more. We were not just family we were dear friends.*

I regret not being with you more the past few years, You were an inspiring, major part of my life and you would always be there for me no matter what. It is so very comforting to know you get to be with Buddy now, Shirley, you will be missed...your family adored you and your kind legacy will go on through each of them, I am so fortunate and blessed to have had you in my life and I will always love you dearly.

“ Shirley, I have so many wonderful memories with you that go back so many years. So many times sitting out on your porch or at your house just laughing and of course listening to buddy’s jokes. You’ve always been so special to all of us and are one of the sweetest people I’ve ever known. I love you and will greatly miss you and look forward to seeing you again in heaven.

Love,
Pat Welch

“ One memory of Shirley "Grammy" is how much she cherished and loved her family, and especially her girls (granddaughters) that she always called them "PRINCESS". She would do anything and everything to make sure they were happy. Grammy is truly a special thoughtful loving woman and will be greatly missed by many.

“ I met SAM when our kids were friends at Wilson Elementary School in Corpus Christi, TX. That was some long years ago. She and Buddy were so friendly and encouraged our girls to bring their parents over to meet them. And Buddy been the rowdy one suggested to one of my girls to tell her Dad (Sonny) to bring over a six pack when he comes. Sonny was hesitant but me being the assertive one decided to engage such a bold one. That was a wonderful friendship that developed. Shirley usually laughed things off and was such a helper to me in so-o-o many ways. We were so sad when they sold their house and moved to Houston. We stayed connected even though it was hard when the girls were in High School. However, when we bought property at Choke Canyon, Buddy and SAM bought next to us. We watched as Linda married, grandchildren were born and Shirley worked in San Antonio. I missed her all the many times she moved around. As we have grown older it was continually hard to spend time with each other. She had so many attributes but one of the most striking was her ability to make a decision and weigh a situation and use her "common sense" about it. I always admired her energy, her spunk, and her love of house cleaning. She was one-of-kind, a friend that I will never forget! Keep the Gate ajar, we may be seeing you before you know it. Love You Connie and Sonny Garbe.

“ Grammy,
There is a piece of my heart that will always be missing and You will always have it. I met you when I was just a young mother and you made such an impact on my life. I always knew when I became a “grandma, that I wanted to be called Grammy just like you! You always were so full of love and did so much for others. You were always so selfless in all that you did. We’ll miss you greatly, but I know you’re with Buddy now and that you both are in each other’s arms again in paradise.
I love you. Wende

“ *Grammy was such a sweetheart. I loved the times I was privileged enough to get to sit and talk with her. She loved to laugh and make everyone around her happy. Her sweet spirit will live on in her sweet daughter and granddaughters. My prayers are with her family at this difficult time. God Bless.*
