Tribute Wall

“ Haven't seen or heard from you in over 20 years and u popped up in my head so I thought I'd look u up on Facebook or google you and I found your obituary. I'm so saddened to see this. I was thinking of how we spent everyday together when we were 12/13 yrs old. I'll always remember our friendship Sonia. All my condolences go to your mom and family. Love u friend.
