She was a non-working housewife devoted to her Husband, Children, Grandchildren and Great-grandchildren while maintaining numerous households. She loved Sierra Vista Arizona and lived several years in Chandler and Sierra Vista, Arizona with her Husband. They managed to raise cattle on their large ranch in Matagorda County and often assisted in its maintenance and cattle working operations. Sophie took close interest and work on their new home in the Leon Springs area and upon

completion built and maintained numerous flower beds, fruit trees and upkeep of the extensive yard with her Husband both doing all the maintenance while Frank was away on special assignments. She especially loved to work with her flowers and diligently protected them from the area's extensive deer and fire ant population. She prided the fact that their yard was virtually eliminated of Fire Ants. Neighbors often prided in the beauty of the yard she and Frank always maintained themselves to perfection. She loved to walk 40 – 50 minutes every day up and down the subdivisions up and down streets around their home keeping herself physically fit well into the advanced age she attained within two weeks of her passing. She was an outstanding cook and often cooked for family gatherings. She loved making candy and other goodies for themselves, the family and friends. She had a knack at making the best Jelly from the berry bushes and peach trees they had. In winter she would sit and watch TV at night and crack pecans to be used in her excellent pecan pies and other delicacies she baked. The Spurs and Cowboys were her favorite teams and rarely missed their games even watching them in the Hospital and at home almost right to her passing day. She loved everybody, had an excellent personality and never had a harsh or bad word about anyone. Everyone who came in contact with her knew they were with a very special person and conversation was easy.
