“ I thought I was a big Dallas Cowboys fan until I started working with Steve. I have some great memories of going to the games & tail gating. It was amazing how he knew stats and scores from all the games.

He was always there to listen and guide when I needed someone to help. He always asked about my family. When I decided to leave the company I texted him & he wrote back with his words of wisdom & I will cherish my memories with him forever.

My deepest condolences to the family & all of the people who had the chance to know Steve. He will be truly missed!!!
