

Steven Samson Seper

March 30, 1952 - June 11, 2023

Steven Samson Seper, born March 30, 1952, died peacefully at home on June 11, 2023. Steve was surrounded with love on his final day with devoted wife, Pam; his step daughter, Abigail and her husband, Armando Carranza II; and close friends, Mary and Armando Carranza.

Steve was born in Albuquerque, NM; to parents Joseph and Eleanor (Brushett) Seper (predeceased) . Steve spent his childhood years in St. Louis, and was a long-time resident of Sarasota, FL. An avid surfer, Steve surfed the Florida beaches and spent several years surfing in Costa Rica. Many strong friendships were forged through the years with this sport. Steve was an Electrical Contractor for 25 years in Sarasota, which also led to many friendships. Those of us fortunate to have known Steve, realize the mold was broken with him and will miss the unique perspective he brought.

Steve also had a deep affection for North Carolina, having built a log home there, surrounded by trees. In 2022, the family relocated to San Antonio to be closer to family and friends.

Private services will be held at St. Benedict Parish Catholic Church in San Antonio. Donations may be made in lieu of flowers to Surfrider.org.

A Celebration of Life will be held in Sarasota at a later time.

“ Steve was a gem !! One of the nicest, kindest, people I've have every met !!! I first met Steve in 1982 when I first moved to Siesta Key and we were friends from that moment on. When my family bought Captain Curt's in 1994 Steve was a regular visitor. With his smile and charm he was a favorite among the staff !!! He would always say "Who's in charge ! because I'm not, I'm having a beer !" With Steve you were always a dear friend even if you just met him ! Our deepest condolences to Steve's family and friends.

Brad Stewart, The Stewart Family and Captain Curt's Staff

“ I met Steve at Riverview High School in Sarasota. We shared the same group of friends and were kind of like "the rat pack". We remained friends and shared many life experiences into our adult lives. Hope he is surfing on a cloud in heaven. RIP

“ Steve was a friend since 8th grade. In our younger days had many adventures; Crescent Beach, Sebring, Kue & Karom, Cocoa Beach, Buc's games, concerts and North Carolina. We would catch up on the phone over the years.

“ Steve was always an easy-going character who could talk to anyone. One of my fondest memories is from Woodstock Vermont when Steve connected with my two daughter and my wife as they explored Woodstock. They would share stories about the places that they visited, and they formed an instant friendship. My kids didn't know who he was, but they talked about the friendly guy with the burly mustache and cigar in his mouth, that talked to them every afternoon and asked about their adventures.

Meet Steve at Brookside Jr. High. We surfed together and was a special friend. Always a smile and kind word for everyone. Lots of adventures on the Atlantic coast, Siesta Key and Costa Rica. My son remembers his mustache and always Steve remembering his name. We all will miss Steve. RIP my surf mate!
