“ My condolences to Brother Robert and Sister Olga. I am so sorry for your loss. Terri was my little sister even though she said I was her little sister. I told her I had to be the big sister because I was a year older. I love my Sister in Christ with all my heart. I will miss her so much, but I know she is in heaven and is pain free. I will miss our 4 hr lunches and going to the movies with her. I will also miss texting at night with her. Terri was such an inspiration to me while I was sick and going through chemo and all the infusions. She would help me deal with my pain, because she could empathize with me. Terri inspired me as I saw her coming to bible study and church service even through all of her pain and everything she was going through. I Thank God for bringing Terri in mine and Sam's lives. We love Terri so much and we will miss her. I love you my little sister. Forever in my heart. I love you Sister Olga. You and Brother Robert will be in my thoughts and prayers.

“ My heart goes out to you both, Nana Olga and Robert. I was blessed to spend so many many years with Terri and will have so many treasured memories of us all. I will never forget how she loved to play pool and was really good at it, she hated snails with a passion, loved the color green, loved all kind of music, didn't like to be told what to do, and didn't like trying new food either even though I'd try to get her to try something. Stubborn:) She was the first person to see Justin when he was born and she treated him just like a mother should. Terri also taught Justin how to play video games when he was just a couple of years old and they were both addicted to the Legend of Zelda!!! I couldn't get them off that game. There is so much more to say, but just know that Terri was an inspiration to so many and will be remembered as a strong woman who fought a hard battle. She's now at home and at peace!!! I miss you!
