

## Theresa "Tess" Aversa

February 6, 2008 - February 6, 2008

The year 1916 was a momentous year in the country's history. Woodrow Wilson was elected president of the United States. The legendary actors Dinah Shore and Gregory Peck were born. So was another amazing person, Theresa "Tess" Aversa. She touched the lives of countless people and was loved by many. Theresa was called home to the Lord on Sunday, February 3rd. Theresa was one of 11 siblings, survived by Rita, Gloria, Rudy and Rick. She leaves behind her son, Tom, from Orcas Island WA and her daughter and son-in-law, Joyce and Vic Buffolino, with whom she lived in San Antonio. Theresa was blessed with 5 grandchildren, Tom, Vicki, Sarah, Nathaniel and Holly, and great-grandchildren, Nicco, Brock, Logan, Lexi and Milo. All were the joy of her life. Theresa is deeply missed by everyone, including her numerous nieces and nephews, her home caregivers and the wonderful staff at Stone Oak Care Center who considered her as family. In lieu of flowers we would appreciate donations made in her name to: The Odyssey House, 4415 Piedras Dr., West Suite 100, San Antonio, TX., 78228. The loving staff assisted at the end of her life for a blessed and comfortable transition. Theresa would laughingly say as her family fussed over her, "That's It", which we now say for the last time as we celebrate and honor our beloved Tess.

“ Mom, It's lonely here without you, but I know you are with God and that is something you wanted for quite some time.  
Kiss Dad for us and one day, hopefully, we can all be together again.  
We have wonderful memories of you, and that will keep you clos

“ Nothing is more beautiful than the love of a wonderful mother, grandmother, great grandmother and special friend. May the beauty from her heart remain glowing in your memories forever and may your life continue with the grace and laughter she gifted you

“ I love you Aunt Tess! We all love you and already miss you dearly. I'll always smile thinking about how easily some of your sisters and brothers, or even us kids, could make you purse your lips and turn your head, almost blushing, yet stifling back a laugh
