“*Uncle Thomas was one of the best examples of how to live life. He was so very kind, shared all he could with others, always willing to help others, and believed the key to life was the morals and actions one displayed. I have always used him as my guide to being a good person that is happy with life. I do hope all that knew him will take the time and effort to make the world better. He was a great man and will be truly missed.*

“*I'll always cherish the memories of evenings spent around the dining table playing games and talking “smack” to each other as Senior (Thomas) kept tabs on who would receive pay back in the next round of Rummikub or Sorry! At other times, I was just fortunate to call this wonderful man my father-in-law. He was good to the core and always had kind words for everyone. We shared many great conversations about life, and I will miss him immensely. Love you Senior.*
