“ *Tim was an Amazing friend and neighbor. I always enjoyed our conversations about his S10 truck and racing days. Seeing him and Layla outside walking or tinkering around with his motorcycle was always a blessing and I miss you man. Sending my dearest condolences and prayers to the family.*

“ I spent many of summers with Tim growing up in Austin. We played all through the neighborhood and played many of video games together. He loved football and I remember him telling me about playing safety for Bowie. He was so excited about being on the team. I lost contact with Tim after they moved. This breaks my heart to hear this. I am so sorry for your loss. May God give you peace and comfort during this time.

“ Lord, I know that you are with Scott, Jenny, Jackie and Tim's family and Scott knows you are the window to eternity, peace and love...forever. Lord, you also know Scott walks with you, holding hands, every day and he has a special memory place in his heart for the time when Tim was about 15 and he surrendered himself to you. Scott, my brother, there are no words that can make the pain go away, that's what God does. I pray that you and your family will find some comfort as you remember the happy memories and times you shared with Tim. I love you, brother and I will always be as close as you need, Thomas and Paula

*My precious memory of Tim was when he and his Dad Scott visited us in Tucson and I clogged up the disposal!! Tim immediately crawled under the sink and undid the pipes and cleaned out the plugged up broccoli!! Other precious memories too! Love Aunt Edy*

*I remember laughing with Tim when he described pulling over a Colonel for speeding or not stopping. After getting the advice to let it go, he responded with, 'Sir, I think you're confusing your rank with my authority.'*
