“ *I can't stop crying. I miss you. I love you so much. This is not how this was supposed to happen. I feel like my heart is broken and will never mend. You were my best friend. I called you for everything. I still needed you, we weren't done. I am glad there is no more pain. But, how I wish things could be different.*

AW

Shannon I know how it is to have a broken heart, but you Need to remember all the wonderful memories of good times you had with her. You took very good care of your Mom, just take one day at a time and remember she is in no pain anymore.
