

## Victoria Alicia Jimenez Stampley

August 1, 1979 - January 22, 2022

Victoria Alicia Jimenez Stampley, born August 1, 1979, in Houston, Texas, passed away in the early morning hours of January 22, 2022. She is the daughter of Ruben Jimenez (Diane) and Sylvia Aguilar. Her family includes her son, Oliver Austin Stampley; and brothers, Austin Jimenez and Ruben Jimenez, Jr.

Victoria will be known for her enormous love for Oliver, her adventures with her brothers and her faithful services to her community. She supported the Girl Scouts as a child which then carried on to her activism in the local arts/music and Social Justice Groups.

Most importantly she will be missed because of her genuine love to nurture and encourage anyone that came her way and in need of her special kind of empathy. She was intuitive, perhaps because of her own journey, yet, she was always willing to care and console with her incredible sense of humor and heart full of love.

“ I have been putting this off for a long time. I just wasn't sure what or how to say it. I think I'm finally ready. I take that back, I don't think anyone can be ready to say goodbye like this. January 22nd. It is a day that will forever be burned into my and so many others memory. What happened wasn't fair, I would trade places with you in a heartbeat even now. So much has changed. You might not even recognize me anymore. I still think about you all the time. The thoughts and memories are still painful, but that will pass one day. In the days, weeks, and months that followed I could feel your presence everywhere. Over time I could feel you ready to move on to what's after until finally you left me behind in this world. I can force a smile knowing that your pain is over. We will meet again, I know it.

You sent me this picture about a week and half before you were taken. That was a good night. We talked for hours just like old times. I wasn't planning on sharing this picture because it was mine, I changed my mind. This picture makes me smile, I think about how you kept insisting you didn't get plastic surgery and it was just the angle. Although the paths of our lives took us in separate directions the connection we shared even to this day is undeniable. You always told me you wanted me to be happy, I finally am, I wish you were here to see it. I miss you. You will always have a place in my heart. I know you are watching over me, for that I'm thankful. Be well Squishy.

For those reading this: I will close with a poem I found not long, I can't help but Victoria wanted me to share

When tomorrow starts without me  
And I'm not here to see  
If the sun should rise and find your eyes  
All filled with tears for me

I wish you wouldn't cry  
The Way you did today  
While thinking of the many things

*We did not get to say*

*I know how much you love me  
As much as I love you  
Each time that you think of me  
I know you will miss me too*

*When tomorrow starts with out me  
Please try to understand  
That an angel came and called my name  
And took me by the hand*

*The angel said my place was ready  
In heaven far above  
And That I would have to leave behind  
All those I Dearly Love*

*But When I walked through Heaven's Gates  
I felt so much at home  
When GOD looked down and smiled at me  
From his golden throne*

*He said This Is Eternity  
And All I promised you  
Today for life on earth is done  
But Here it starts a new*

*I promise no tomorrow  
For today will always last  
And Since each day's the exact same way  
There is no longing for the past*

*So When Tomorrow starts without me  
Do not think we're apart  
For every time you think of me  
Remember I'm right here in your heart*

“ *To my woman. I can't believe someone took you away from me! I think about you constantly. I remember the times we would laugh for hrs dance for hrs and always go to our favorite pizza place Barbaros and the Jandros! Life just isn't the same without you here. I will always Love you and never forget you. Until we meet in that great bar in the sky so we can dance again! One Love!*

“ Girl I am going to miss you. I miss the days working at clean plate. You always were very encourageable of me when I was getting my but kicked on the line. I will always remember your beach cruiser bike with the little lights. Most of all I'm going to miss just hanging out and having a pint and talk about life . I remember outside of At a girl after work we go vent our frustrations. You were always like a big sister me and I never got to thank you for having my back.
