“ *Virginia my beloved friend of 20 years. You are truly missed. You were my confidant we would talk about everything about our kids, family even though we had not seen each other for a while we would say wish this virus would be over, so we could do what we did before, go to doctor appointments together, go out to eat at our favorite places and we especially like to go to Walmart. Sure even though everyday we talked 3 or 4 times daily, we would get angry at each other but in a couple of hours we called each other again and the subject was never mentioned again.*

*There is never a day that you left us that I dont think of the good times we shared. May you rest in paradise my friend until we meet again. Your friend Sylvia Zuniga.*

“ My condolences to the your family. May good be your comfort in sorrow and your hope and strength in the coming days.

*I grew up down the street from the Valdez family and spent many late nights at their house. My favorite story was when Virginia and Joe walked with my grandparents Maria and Henry to their house after a few beers ;) while my gpa carried me and and they all sang. Virginia was always smiling, she was a very sweet and will be forever missed. She is now an angel up in heaven singing and dancing with her Joe.*

*My grandmother and Virginia were best friends since they were 14 years old up until the very end. They always told each other that if anything happened to either of them they would cry a million tears. Many tears have been shed as much as laughter for all the awesome times shared with her.*

*Virginia was such a kind soul she will forever be missed. We are very blessed to have such great memories of her that will live in our hearts for many years to come. I give my sincerest condolences to all her friends and family.*
