“ I didn't know Bill as long as everyone else at work but it was a pleasure. Thank you for your patience and the knowledge you shared with me when I was your apprentice. I hope you knew how much you were appreciate. The office feels a little empty without your jokes and that rough laughter of yours.

“ Billy was one of the finest men I know and I'm deeply saddened by the loss of this good man. He loved his family dearly and was always kind; ready with a hug and a smile. He was a wonderful brother to Lela and uncle to Kelsey and Clay; he never missed a game or choir service or event and I enjoyed those times talking with him at the games. He had a wry sense of humor. He loved his mom and dad and had great respect for and devotion to them. I admired Billy for his quiet strength and loyalty. He leaves those who love him with the greatest gift of all, the assurance that his is now in the arms of our Lord and Savior, Jesus Christ.

“ *My description of Bill would be "quick witted, smart, steady, and dependable. Deceivingly tech-savy with a "dry as a bone" sense of humor I could always count on. Godspeed Bill Bonewicz... You will be sorely missed.*
