“ I miss the days when it was Gary and me at San Antonio taking care of pipeline business. He worked smart and got it done even with his old truck. I remember the concerns about trimming back his "superpowers" because his mustache would interfere with respirator fit. We talked about wife and girlfriend problems. Other things only good buds would talk about.  
My condolences to Gary's daughters and family.

“ Genuine, kind hearted, humble, respectful, hard worker, passionate are only few words that describes Gary. Everyday i look forward coming to work because my hard work never went unnoticed with Gary, if Gary saw me three different times in one day he will always say Hey Danny your doing a great job at work keep it up. Gary welcomed me as his employee from day one and always kept it real. Gary always kept it professional but through his professionalism we became good friends we shared lots of great memories. I've only knew Gary for several years but seems like i knew him a lifetime. What breaks my heart the most is when i got back from my vacation i reached out to Gary as I'm accustomed to asking how's he doing, and that i brought him a little souvenir from back home, he says great scoot by any time I'd like seeing you, and with my busy schedule i didn't make it to bring him the souvenir that i brought him. 😞😞😞. Gary you will forever be missed R.I.P. my dear friend Gary Jamison until we meet again my friend. Prayers out to your daughters that you always talked and was proud about and to the rest of your family.

“ Words can't begin to express how much Gary will be missed, but he will always be present with us through our memories. I was fortunate to cross paths with Gary at a young age, and what began as an employee/ supervisor relationship became a friendship, and by the time I left our working area I considered him more of a father figure. His character & approach towards work and life were very unique, such a great person to count on and be around, no matter the circumstance. My most sincere heartfelt thoughts towards Gary's family, Jenna & Courtney. Gary, your wonderful legacy will live on, until next time my friend.

“ *My sincere condolences to the family. I was blessed to meet Gary years ago and have never met a more honest, sincere person in my life's journey. I feel a personal loss with Gary's passing as he was a close friend who was always concerned about other folks more than himself. If the pearly gates didn't open wide for Gary they certainly won't open for a number of the rest of us. I was fortunate to be a good friend of a man whose strength and courage I'll never forget. RIP my brother, they don't come any better!!*

“ I was sad to hear the news today that Gary had passed away. Gary was an awesome friend and great mentor for me during my time at KPL. He was an excellent teacher, great teammate, and amazing person. I always appreciated his positive attitude, willingness to share his knowledge to help his team succeed, and "can do" approach do any situation he faced. I learned so much working with him. To his immediate family and close friends you have my deepest condolences. I will miss him dearly and never forget all he taught me. Keeping you all in my thoughts and prayers in the coming day, weeks and months ahead.

“ I'm deeply saddened by the loss of a good friend and co-worker. Gary always put people and relationships first and had a way of making each of his guys feel special. He couldn't have been prouder of his daughters as he often talked about their successes and always looked forward to the family's annual vacation where he earned his title, "Beach Grandpa." He was special and will be missed. May he rest in peace.
