A Graveside Service will be held Wednesday, November 20, 2013 at 10:00 a.m. at Sunset Memorial Park.

Tribute Wall

BR

“ *William Eugene was my grandfather, not by blood, but by heart. He was the only man in my life to teach me the ways of life. He was my everything, he meant so much more to me than even I realized. I remember as a child he would sit me on his lap and tell me I'd change the world. I very much intend on doing just that.*

SM

Grandpa was one of a kind. He was there at the hospital the day you were born. I am glad you were there for him when he left us. Gene was a charming and positive person that gave his unconditional love to me and my children. He was my rock and the glue that held this family together. Gene was an inspiration and guiding light that believed in each of us. More than anything he was a man of his word and the Father I will always love and miss dearly.
