

Yolanda Ortiz

March 23, 1943 - June 29, 2018

Yolanda Ortiz, 75, beloved mother, sister and aunt, entered into rest with the Lord on Friday, June 29, 2018.

Yolanda greatly loved her family and friends, giving her time and energy to ensure everyone in her embrace was cared for. For a time, Yolanda - or Yolie to some, "Nana" to the immediate family members - worked days and studied nights to earn a college degree.

An accountant by trade, Yolanda was well-organized and a careful planner professionally and personally, always looking out for the future. She successfully applied her skills at local companies and organizations such as the Texas Organ Sharing Alliance, nee South Texas Organ Bank.

Yolanda was a breast cancer survivor. Despite this and other health issues over the years, she was loving, compassionate, dedicated, strong and always ready to take on her next challenge.

Yolanda is survived by her son Gerry Ortiz; sister Beatrice Ortiz, and nephew Edmond Ortiz. She was preceded in death by her parents, Edmundo and Josephine Ortiz, and sister Mary Louise Ortiz.

In lieu of flowers, contributions may be sent to the National Stroke

Association.

“ Our family was fortunate to be able to share several holidays and birthdays with Yolie and the Ortiz family. We always enjoyed our time together and have special memories of Yolie's kindness and thoughtfulness during those times. Her smile and gentle sprit will be missed,

“ Yolie, was not just a neighbor. She was a friend, family and big sister. Our time chatting about our plants, neighbors and what was going on in our block. Always had a kind word and positive attitude about everything. Yes Yolie you made a lasting impression on our family and will truly be missed🙏

“ My Beloved cousin Yolie, and her sister, (my cousin) Mary, were like My Big sisters when I was a little girl. They spoiled me because I was the baby in the family at that time. My cousin Bea was born much later during the time we were little. Yolie was a very loving, caring, and beautiful person inside and out. As we grew up, we drifted apart, because my family moved out of State. When we moved back to Texas, I contacted them, and we reminisced about when we were young and silly. I wish we could have reminisced more. I will greatly miss Yolie, and our talks on the phone. She is with God and the Angels now, and free from pain. I love you Yolie. Thank you for all the love you gave me.
