

Yolanda Ramos

March 5, 1958 - February 4, 2021

03.05.1958 - 02.04.2021

When Yolanda entered into heaven on February 4th at the age of 62, she was reunited with her loving Mother Olga, who also met our Lord just a few weeks prior. She was also preceded in death by her father Vicente L. Ramos. She was a strong woman with a big heart who enjoyed being with her family. Although she did not have children of her own she was a mother figure to her brother, sisters, nieces, and nephews. She always knew the answers to any question you had and is someone we will forever look up to.

She was born and raised in San Antonio and after her parents divorce, at the age of 14, she helped raise her brother and sisters. She was a devout catholic, educated in catholic school, and was a graduate of St. Francis Academy class of 76. During her time at St. Francis Academy she worked at the school to help her Mom pay her tuition. She received her degree with San Antonio College and retired from Bexar Appraisal District where she worked for over 25 years. After retirement she continued working par-time for her favorite shopping channel, QVC.

She enjoyed listening to music and singing. You would often find her listening to Barry Manilow, the golden oldies, and gospel music. But what she enjoyed most of all was being a dedicated Aunt. She was a member of every niece

and nephews PTA, volunteered at every school or church event, and always reminded the children's parents of upcoming school events, like crazy sock day. Anytime we needed her she was always there. She would drop whatever she was doing to be with us. She was full of advice and always gave it . . . even when we didn't know we needed it.

The excitement in her eyes at a school play, the happiness in her smile at a school game, the pride she had watching us graduate, and the grace she carried from helping raise this family. All of these things we will miss everyday until we see her again. She wasn't just a loving aunt, she was a helpful mother, a gracious sister, a supportive friend, and a devout member of our family who will be greatly missed. No one could ever replace what she was to this family. But her dedication and devotion to it, will live on through each of us. She is survived by her siblings Diana Estrada, Charles Ramos, Yvonne Molina (her favorite brother in law Lionel) as well as their children and grandchildren, Erik (Roslyn) with Airyka and Zoey, David, Denise with Xavier, Anthony, and Adam, Rosalinda with Matthew, Brittany, Nicholas, Ricardo, Jordan, and Briana.

“ My sympathy to all of Yolanda's family and my prayers for her and all of you. I taught Yolanda in high school at SFA; guess that makes me an antique. She "adopted" me, and would phone me just to chat. What did she chat about? Her family and her parish family. Those were her world.

She graduated and moved on; I left Texas and eventually started working in Italy. I never forgot her; when Facebook caught on, I received a friend request from her. We have chatted back and forth over the years; she would let me know about her classmates and especially all about the next generation. First it was her Mom and her younger siblings, and then it was her nieces and nephews... and now they are grown and I think there are some "greats" in there as well.

Most of her Facebook posts were about all of you. Know that she is still with you, but is glad to have joined her Mom, whom she loved so much.

Peace to all of you. Keep her in your heart and live with the love she had for you.

“ Aunt Landa,

There is so much I wish I could have said but never got the chance. I want you to know that I appreciate all you did for us. Since I can remember you were always involved in my life. You would take care of me when my parents asked. I remember Yolie and I crying for you to stay at school with us. Everyday we would wait by the window at BSA waiting for you to pass by in your car and you would waive at us and say “you would be back”. I knew then I could always count on you.

As I got older that thought never left. Anytime I called you to come pick me up from school. . . you would. Anytime I wanted you to come hang out with me and Mom, you would. . . no questions asked. I know you loved spending time with us. I wish I would not have taken our time for granted as much as I did. And if there’s anything else you could teach me you did. I know now that you should always say how you feel to your loved ones. Always let them know you love and appreciate them as you never know when it will be the last time you see them. I will do this moving forward.

My favorite memories with you always involved music. I remember being in the car while we listened to oldies and at those moments I grew to love the same music you loved so much. I can still see you in the front seat singing and twirling your hair through your fingers. And those many times spending the night at your house listening to Barry over and over.

I know in my heart I could never be the aunt you were, but I will try my best to be that for my nephews.

I love you Aunt Landa.

“*Yolanda was a family person. Her eyes would tear up with joy and pride to see her nieces at school functions at SPJ. My husband and daughter had the pleasure of spending time with her and Mrs. Gutierrez while at functions or gatherings with Briana. Our condolences to the family.*”
